**2012 Intertraffic**  
**AMSTERDAM**

## A short introduction to the leading trade fair in the traffic and transport industry

### Global brand

Intertraffic is the number one trade fair formula in the traffic and transport industry. Since its launch in 1972, Intertraffic Amsterdam has become the platform of choice for professionals from around the world to meet. It is a biennial must attend event to stay up to speed on the developments in the fields of infrastructure, traffic management, safety and parking. The world's leading companies premier their latest products and techniques during a 4-day revelry of business gatherings and learning opportunities. Following the success of the Amsterdam flagship event, regional spin-offs of Intertraffic are also staged in Turkey, China and India.

### Mother of Intertraffic Exhibitions

Intertraffic Amsterdam 2012 will be the synthesis of 40 years of experience. Over 800 exhibitors from more than 45 countries - with virtually the entire top 50 global concerns in attendance – will offer a comprehensive overview of the latest trends and developments. This will be backed up by congresses, seminars and much else.

### Four main segments

Intertraffic benefits from a smart segmentation concept on the exhibition floor.

 <ul style="list-style-type: none"> <li>• Public lighting</li> <li>• Road construction, maintenance</li> <li>• Rail technology</li> <li>• Tunnel technology</li> <li>• Road equipment</li> <li>• Road markings</li> <li>• Street furniture</li> <li>• Reflecting materials</li> <li>• Consultancy &amp; research</li> </ul>	 <ul style="list-style-type: none"> <li>• Communication</li> <li>• Telematics</li> <li>• ITS technology</li> <li>• Smart card technology</li> <li>• Warning systems</li> <li>• Fare and toll systems</li> <li>• Emergency systems</li> <li>• Traffic information &amp; control systems</li> <li>• Urban planning</li> <li>• Consultancy &amp; research</li> </ul>
 <ul style="list-style-type: none"> <li>• Traffic signs</li> <li>• Traffic lights</li> <li>• Crash cushions</li> <li>• Barrier systems</li> <li>• Cones</li> <li>• Speed humps</li> <li>• Safety clothing</li> <li>• Emergency equipment</li> <li>• Consultancy &amp; research</li> </ul>	 <ul style="list-style-type: none"> <li>• Parking material</li> <li>• Parking garages</li> <li>• Ticketing</li> <li>• Barriers</li> <li>• Entrance Control systems</li> <li>• Visual systems</li> <li>• Consultancy &amp; research</li> </ul>
